

Instructions for Raids Online

To find out what activity is occurring in your neighborhood go to www.raidsonline.com. Select Arizona on the map and Surprise from the drop down list.

The screenshot displays the RAIDS Online web application interface. The browser address bar shows <https://raidsonline.com/>. The page header includes the RAIDS ONLINE logo, the text "POWERED BY BAIR ANALYTICS", and navigation links: Home, About, Help, Press, and BAIR Analytics. A "Sign up for crime alerts" button and an "iPhone" icon are also present. The main interface features a "Menu" on the left with sections for Search Address, JUMP TO CITY, BUFFER, Event, Offenders, Date Range, Analytic Layers, Agency Layers, and About RAIDS Online. The central area is a map of Surprise, Arizona, with various crime icons (green and blue) overlaid. Two red callout boxes provide instructions: the first points to the "Go to Address" button in the Search Address section, stating "Enter the address you want to search, click on Go to Address."; the second points to the "0.5 miles" dropdown in the BUFFER section, stating "If you would like a buffer, turn on the buffer and select the distance you would like from the drop down menu." The footer contains "Terms of Use | Law Enforcement Only" and "RAIDS Online is best viewed in Internet Explorer 9+, Firefox and Chrome. | Powered by BAIR Analytics".
